abilities

creativity.....

skillz.....

daring.....

overall.....

grade

comments

This area is for random writing. I considered putting a shout out for myself here, but then I started to daydream about getting shivved in the gut at the county lockup by a bunch of so-called graffiti "artists" who are not into being judged.. My wife and I have a baby on the way (which she constantly reminds me), so I dropped the idea of self-promotion. Oh yeah, Chris Daly is full of shit. So There!
